2 teach is
2 touch live.
4 ever

DEAR TEACHER...
YOU ARE THE BEST
BECAUSE YOU
BROUGHT OUT
THE BEST IN US.

Not only would many students say Mrs. Danner - who began at MRU in 2014 - is an incredible math teacher, they would also say that her use of color coordination for notes, crazy dances for trigonometry, and Jeopardy test reviews (always with a random category) makes her unforgettable AND helps her students remember the lessons outside of her classroom.

Mrs. Danner when you pack 30 seconds before the bell rings

Thank you,
Mrs.
Danner!
You make a
difference ...

"From her Christmas outfits to spirit week outfits, Mrs. Danner will always be wearing something fun and interesting.."

NHS Food Baskets

Over 30 Years Mill River raises food

During the National Honor Society Food Basket Drive, we had a chance to visit Mill River Union High School to see all the food students raised for the needy, right here in our community. We met teacher Mary Colvin and she explained how this successful event benefits the community each year. Mary said, "I am a teacher here at Mill River and also The National Honor Society advisor here, and we've been doing this for probably over thirty years now. This is our one large community service event that we do for the year. We have about twenty members or so in NHS and we have some students who are not with us because they are doing early college so they are taking their finals at Castleton this week."

"We had tons of donations. We had two classes; one from Wallingford Elementary, Mrs. Artlett's Class, and Miss Rice's class from Brewsbury and both of those classes contributed over eight hundred items. We had some very generous business donations and some private folks who also donated money so we were able to come up with enough food for, I believe we're at 87 families right now for sure, and we will probably have a couple of others that we will pick up."

National Honor Society students along with teacher/advisor Mary Colvin display some of the food they raised this year for the needy in our area. With enough food to feed 87 families, this 30-plus-year-old event has been successful in acquiring donations and feeding families. Sam's Good News Photo

How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

We Are... WITNESSES

"COVID-19 is something that we will not forget in a hurry in the year 2020 and beyond ..."

- Anthony T. Hincks

WITNESSES

Canada had 118 cases.
United States had 1,267 cases.
Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

12 Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

fourteen

- The US reported 2,816 confirmed cases and 58 deaths.
- Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.
- Canadian provinces canceled schools as the numbers of infected rose.

16 US states closed schools to reduce spread of the virus:

Alabama	West Virginia	New Mexico
Wisconsin	Illinois	Oregon
Maryland	Pennsylvania	Virginia
Ohio	Louisiana	Utah
Kentucky	Rhode Island	
Washington	Michigan	

US declared a national state of emergency.

- Canada reported 341 cases.
- More cases were reported outside mainland China than inside it for the first time in the history of the disease.
- The largest school district in the US, NYC Public Schools, closed.
- The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

the ides (15)

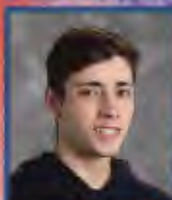

sixteen

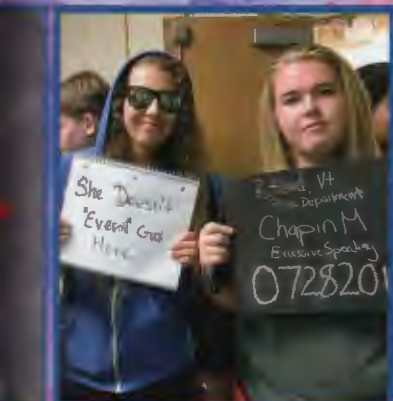

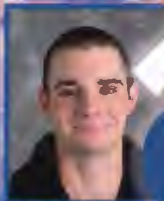

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

17 St. Patrick's Day Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

All information gathered Mar. 13-17 from CDC.gov, WHO.int, APnews.org, CNN.org, LATimes.com, CBC.ca

"They say there is a reason,
They say that time will heal,
But neither time or reason,
Will change the way we feel.
For no one knows the heartache
That lies beyond our smiles,
No one knows how many times
We have broken down and cried,
So there won't be any doubt,
You're so wonderful to think of
But so hard to be without."

Practice seems to have come to an end sooner than we ever could have imagined! Now that you're about to be in the starting lineup in the game of life, there are a few things you should know: Not everyone will want you to score, so find your line on the field and take it. Don't let anything stop you: Always take the shot, if you miss, try again: Not all of the pitches you throw will be strikes but they all count. Most importantly, be patient and wait for your pitch. When it comes, knock it out of the park as only you can do. You won't win every game but know that we will forever be on the sidelines proudly cheering you on. Congratulations to our MVP, you have made us so proud!

All our love,
Mom, Meme, Papa, Teigan and Nolan

William Holden

Ryan Mason

Ryan,

I have watched you conquer many milestones over the years; from you taking your first steps, learning to ride a bike, learning how to drive and so many more. There are no words to express how much pride I have in my heart as I watch you take this next step in your life. It goes by fast, so take in every moment. My wish for you is that you take pride in the things you've accomplished, that you believe in yourself enough to chase your dreams, that your strength, determination, confidence and strong work ethic lead you to a happy fulfilled life. Stay humble, stay kind and stay true to yourself! I am so very proud of all you have done and the young man you have become.

I am excited to see where the future takes you!

Congratulations! I love you so very much!

Love Always, Mom

TYLER REGULA

CLASS OF 2020

We cannot tell you how proud we are of you. Your hard work shows by the number of academic and athletic awards you received. The teachers and staff were lucky to have you help them. Your relationships with everyone at school, showed us how much you have grown.

Your four years of soccer was so much fun to watch. Watching your senior year was the best. You were there to bring the team into overtime of the semifinals. Then into PK's. You made your PK to bring the team ahead, and then into goal to stop the PK taken by Peoples Academy. You did this to WIN the game. Watching your terrific defensive skills playing basketball for four years was a great joy. Your commitment and the way you worked with the Unified basketball kids for three years showed your leadership ability. Being part of the ultimate frisbee club, that was new for the school, was also fun to watch. Wish we could have seen you do cross country. The time you had in school was cut short because of the Coronavirus. Learning from home started in the middle of March. The unknown of senior activities was sad, in the long run this will make you an even stronger person. Good Luck at SMCC. Love, Mom, Dad and Katelynn

Colby Fox

Be bold,
Be courageous.
Be yourself,
And you'll succeed!
You have roots to ground you
and wings to carry you through
your journey.
Dream big. Work hard!
We love you... Mom and Dad

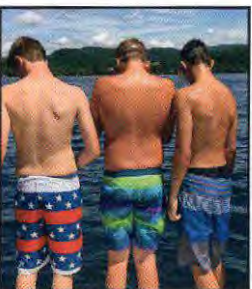

Alex Standlee-Miller

Alex,
You brighten everybody up with
your wonderful crazy nature and
your great attitude by all who
meet you. We know that you will
go far in this crazy world.
Remember to keep smiling and
be your crazy self. YOU are the
best son ever and we know you
will go far.
Lots and Lots of Love,
Mom & Dad.
